

Message to the President of the USA, George W. Bush

To the President of the United States of America, George W. Bush

I send a cordial greeting to the President of the United States of America, the Honorable George W. Bush. We were very pleased to receive word that you have awarded my husband, Dr. Oscar Elias Biscet, a Cuban prisoner of conscience the Presidential Medal of Freedom. Please know that receiving this worthy civic declaration from the United States of America is both very pleasant and moving. My husband as well, as all of our Cuban political prisoners and prisoners of conscience deserve the best. For all of them are incarcerated for having exercised the right to freedom of speech and to assemble. The great majority are in prison for crimes of opinion and for having advocated for rule of law to be established in our country.

Mr. President, I would like for the people of the United States of America to know that Oscar Elias Biscet is a black Cuban who loves God and non violence. He is a medical doctor who is imprisoned for opposing the death penalty and abortion and for having proclaimed and defended the Universal Declaration of Human Rights through peaceful means. Both, my husband and I, love our country and the United States as well as life and liberty.

Mr. President, I would like to take the opportunity to congratulate all of the individuals who along with my husband were awarded the Presidential Medal of Freedom for their contribution to humanitarian causes of significance to the world as is the noble cause of Human Rights, Freedom and, Democracy. To my Cuban brothers and sisters who work day in and day out in support of the release of my husband and all Cuban political prisoners and prisoners of conscience, thanks. Thanks also to the International Community that struggles and shows solidarity with our prisoners and our families. Thank you very much, Mr. President.

May God bless you and your family and the United States of America.

Philippians 1:19

Sincerely,

Elsa Morejon Hernandez, RN
Wife of Dr. Oscar Elias Biscet
Prisoner of Conscience in Cuba
